B27TF685

27" (Diagonal) TruFlat™ TV/DVD/VHS Combo with 4-Head Stereo Hi-Fi and mp3

Features	Benefits
TruFlat™ Picture Tube	Reduces peripheral screen reflections & glare by over 60% compared to standard tubes. Offers a wider effective viewing area from any angle. Detail clarity adds realism.
DVD/Audio CD/CD-R/MP3 Playback	Incorporates the newest electronic software to allow wider compatibility with CD-R and MP3 audio playback.
4-Head Stereo HI-Fi VHS	Incredible stereo audio reproduction. Two of the four high speed rotating audio heads helically scan the video tape to create stereo sound with dramatic range.
Digital Comb Filter	Separates black-and-white detail from color information to virtually eliminate edge crawls and rainbow effects while enhancing picture resolution.
Stereo Front and Rear Audio/Video Inputs with Optical Audio Output	Simplifies connecting other components such as a game system, digital camera, DVD, etc.
Dolby[1] Digital and DTS[2] Compatible (with Dolby Digital[1]^ ready audio equipment)	Plays full 6-channel 5.1 channel audio via the optical digital output. Full 2-channel Dolby[1] Pro Logic down mix for full compatibility with Pro Logic audio equipment.
Low Noise Pre-Amplifier	Minimizes both audio and video noise. Pre-recorded movies sound richer, clearer, and more distinctive.
